Hi Lorena,

Just a reminder that the final report items (The report form attached and also the economic impact report noted in your contract) were due per the contract on 1/17.

I need to complete the final report and get it to the California Arts Council by 2/1, so I am hoping that you can get this to us ASAP. I do appreciate that you gave us the time to over the questions by phone prior to the holidays, so please free to call me with any questions or for an update.

Best

Andrew

Hi Lorena,

I hope you had a great Thanksgiving. Thanks for taking the time last Tuesday to review the contract and what is needed for the Final Report. As a reminder, the deadline in the contract for the Final Report is January 17, 2017, as DCA needs to provide its own report to the California Arts Council in January, and so this information is needed to document the program activities, and to ensure we can continue to get additional CAC funding.

Attached is the word version of the Final Report so you can just fill in this form. In addition to this report, the separate narrative regarding economic impact (both for the artists, vendors, and business) listed in your contract and discussed is also required as part of the final reporting.

Should you have any further questions, please let me know. In the meantime, we will look out for your signed contract and invoice.

Thank you so much for all your hard work, and congratulations for a successful program.

Many thanks

Andrew
